

## Reading Partners

## Wish List

There are many ways to support struggling readers and we welcome Impact 100 East Bay members to join us in becoming reading partners for the 2017-18 school year!

### **Help Laurel Elementary reading center start the year off strong**

Your donations, large and small, can make a big impact in filling our reading center with culturally appropriate and enriched texts, supplies, and volunteer support that provides students with the tools to succeed in reading.

- **\$500** provides a Read Aloud Library for a reading center, including a unique discussion guide for each book
- **\$325** stocks a reading center with supplies, including individual white boards, stickers, student boxes, printer ink, pencils, and paper
- **\$100** allows 20 students to take a book home to keep
- **\$50** funds onboarding and training for a group of new volunteer tutors

Go to [readingpartners.org/donate](http://readingpartners.org/donate) to give the gift of reading today!

### **Become a literacy mentor**

Join Reading Partners' program by tutoring students for one hour per week on an ongoing basis throughout the school year. Alternatively, we offer one-time group volunteer opportunities with Tutor for a Day events. This event allows individuals who cannot volunteer consistently throughout the school year to still contribute to and impact their community.

Reading Partners provides volunteer tutors with a highly effective, easy-to-follow curriculum, in-person training, and on-site support from a trained AmeriCorps site coordinator. We provide all necessary curriculum books and materials for volunteers. Tutors are trained thoroughly on an ongoing basis, so no prior teaching or instructional experience is required. Our programming takes place at 31 reading centers in San Francisco and the East Bay from approximately 8 am to 5 pm, Monday through Thursday.

Please contact Emily Jorgenson, Sr. Community Engagement Manager at [emily.jorgenson@readingpartners.org](mailto:emily.jorgenson@readingpartners.org) for more information or to become a tutor today!
